India's FMCG Industry: Reaching an Unprecedented Growth

The FMCG industry is the fourth largest sector in the Indian economy. The government initiatives such as 51% foreign direct investment (FDI) in multi-brand retail and 100% FDI in food processing have further propelled the growth of the sector. This has made it easier for players in the sector to make and sell products, create jobs, and make people notice their brands. The FMCG market in India is projected to grow at a CAGR of 14.9% to US\$ 220 billion by the next couple of years while the packaged food market in India is anticipated to grow twofold to US\$ 70 billion in the next few
